

Solar Technology - Photovoltaics

- Antifouling coatings
- Anti-reflection coatings (e.g. Si_3N_4)
- Silver and silver/aluminium pastes for printing of busbars
- Casting compounds for solar modules

Lithium Ion Cells

- Anode material: e.g. graphite
- Cathode material: lithium compounds e.g. LiCoO_2
- Separator material: flexible ceramic foils

Fuel Cells

- Separator material: e.g. flexible ceramic foils
